Detailed Action

Examiner's Statement of Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance of the claims is applicants showing of an unobvious improvement in the occurrences of protrusions on the tape lower blade side without magnetic layer cracking on the tape upper blade side, within the 50% to 60% range.

This application has been allowed after incorporation of the 50% to 60% range in all claims. It was noted in the previous (Final) Office action this improvement was (1) not fairly suggested in the prior art and (2) was not obvious from what had been claimed in allowed application SN 10/802,134.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
